PENROSE TO COME THURSDAY

United States Senator to Visit Washington County Seat

WILL TALK ON ROADS

United States Senator Boies Penrose will be in Washington next Thursday to meet Washington county voters and to talk to them. Probably Senator Penrose will talk on road improvement among other things. Gov. J. K. Tener will be present as will State Highway Commissioner E. M. Bigelow, and they will talk good roads.

The object of the visit of State Highway Commissioner Bigelow plainly will be that of boosting the interests of good roads, and it is presumed he will be given able assistance by Senator Penrose and Gov. Tener.

Senator Penrose has long been anticipating a trip to Washington county. If he has any political objects or personal objects he has kept them in the dark. However it is expected that he will meet a large number of people.

People from all over this county and from various parts of adjoining counties will be in Washington to tender the party a welcome, and to listen to their exposition of the good roads question. The efforts of Pennsylvania to pass a bond issue for \$50,000,000 to improve its system of highways has attracted much attention. It is not the only state that is endeavoring to keep up-to-date in this particular. Florida is considering a similar bonding proposition.

Next Wednesday evening, May 21, Branch 782, L. C. B. A., will begin a series of eueches in P. H. C. hall at 8 o'clock. Favors will be awarded. The proceeds are for the benefit of the window fund of St. Jerome's church.

TWO GRADS OF STATE FROM THIS COUNTY

Earl R. Stewart of Coal Centre is home from State college and will remain till commencement week, June 7-11. State college now has an enrollment of 2,000. Of this number 35 are from Washington county. There are 300 in the graduating class of which but two are from this county, Mr. Stewart being one and E. C. Brownlee of West Middletown the other. Both are taking the engineering course.

Big Meet at Washington.

Thirteen preparatory schools with over 100 entrants will compete at Washington next Saturday in the annual championship field and track games under the auspices of Washington & Jefferson college. It is expected to be the biggest meet of the kind ever held at Washington.

Monessen's Tax 11 Mills.

The Monessen council has fixed the borough tax at 11 mills, the same as last year.

Missionary Women Elect

Washington Woman is Choice for Presbyterian Organization President

At Thursday's session of the Women's Missionary Society of the United Presbyterian church at Washington, Mrs. J. V. Clark of Washington was elected national president. Other officers elected are: First vice president, Mrs. John F. Ferguson, Monmouth, Ill.; second vice president, Mrs. Henry Brewkes, Paterson, N. J.; secretary, Mrs. J. T. Logee, Cleveland, O.

The principal feature of Thursday's meeting was the celebration of the fiftieth anniversary of the establishment of mission work among the negroes of the South. The principal address of the afternoon was delivered by the Rev. James Brice. The jubilee session of the afternoon was presided over by Mrs. Samuel Yourd, secretary of home missions.

At the evening meeting Mrs. Chas. Q. Lowe of Philadelphia was the presiding officer, the principal address being given by a young negro woman Miss Christiana Totten of Henderson, N. C., a field worker.

Independent Telephone Installed at Pennsylvania Railroad Yards at West Brownsville

Last Monday the Tri-State Telephone Company of Brownsville installed two telephones at West Brownsville Junction and this move has already proven a boon to the railroaders on the Pennsylvania lines who are employed in the yards at that place.

Heretofore the employees have been compelled to have two telephones in their homes, as many did or take their chances on getting calls. The resulting hardship can easily be realized. The Union had no connection with the offices and the Bell was practically useless for local work. The resulting expense meant a big slice from the wages of employees and the action of the Independents will mean a saving of \$18 per year or more to all local railroaders, of which there are twenty or more, living in California and vicinity. Moreover there are scores of railroaders living along the river who depend upon the telephone for orders. The benefit will extend to Charleroi, Belle Vernon, Fayette City and Roscoe for in all of these places the Independent is the recognized local telephone. The P. & L. E. employees of the above places get their orders through the Independent line.

Pennsylvania Railroad employees living in Charleroi, Lock 4 and Speers can be connected with the West Brownsville Engine House and the yard office by the Charleroi Independent Telephone Co., without any additional charge.

California Needs a Bath. Arrangements are being made at Charleroi for a clean-up day to take place on May 28. A campaign is being worked up.

STATE SENATOR JOE THOMPSON IS COMING

Hero of Anti-Cigaret Law to be Here Saturday as Referee to High School Field Meet-- Is After Boys With Coffin Nails

State Senator "Joe" Thompson, of Beaver Falls, hero of the fight for the anti-cigaret law which was passed at this session of the legislature, as well as hero of numerous football games as player and coach, is to be in Charleroi tomorrow. He is coming to referee the high school field meet to take place between Charleroi, Monongahela, Donora and Monessen high schools.

Senator Thompson's most notable work in the State Senate during the present session of that body was in getting his cigaret bill through. This bill governs the sale of cigars to minors, making the minors

Cincy Mine to Resume

Wrecked Workings Cleared of Debris in Shape to Start Next Week

Within a week or ten days it is expected the Cincinnati mine, where on April 23 the explosion occurred, resulting in the death of 96 men, will resume operations. The work of cleaning up the wrecked interior has about been completed. The bodies of dead mules have been removed. Repairs have been made to the overcasts and trap doors. It is understood that many of the recommendations made by the coroner's jury this week will be put into effect.

Opening is Big Event

Eldora Park Begins Summer Season--Improvements Held Back by Weather

With a big dance crowd on hands the opening of Eldora Park took place Thursday evening. The opening featured the beginning of the park season for what is believed will be one of the most successful seasons enjoyed.

Nearly all the improvements to be made this spring have been completed. Owing to inclement weather it was found impossible to get the brick walk leading from the station to the central part of the park completed in time for the opening Thursday night. It will be completed today and will be in shape for tonight. Lights have been strung from the station into the center of the park, where there are clusters of lights. The effect is a "great white way."

Sunday the Louhi band of Monessen, a Finnish organization will appear at the park in a select program, and next Friday the picnic season will be opened by a picnic of the Monessen schools.

FIFTY DOLLARS ADDED TO FUND

Fifty dollars from a "cash" contributor was added to the Charleroi Mail mine relief fund today. HIGHWAY FROM OCEAN TO OCEAN RECEIVES BOOST

Club Organizer of Kansas City Visits Washington County

The movement for an ocean to ocean highway received an impetus in this county Thursday evening when the Washington Board of Trade took up the matter at an important meeting. A local club was formed at Washington with James P. Eagleson as president, and Mrs. B. F. McVey as secretary. Members will be solicited.

L. B. Bevier, of Kansas City, field secretary of the Ocean to Ocean Highway association was present and explained the project thoroughly. Clubs are being formed along the proposed route. Between Washington and Uniontown no clubs have been formed. Mr. Bevier will spend some time in Washington and Fayette counties and will be in Centerville and Beallsville within a few days to organize clubs.

Another project that the Washington Board of Trade discussed was that of a street car line from the county seat to the river. An effort will be made to reach an agreement on this proposal, whereby the West Penn company can get its line into Washington.

VERDICT OF GUILT RETURNED

Monessen Woman Under Serious Accusation at Greensburg

HOUGH TRIAL MONDAY

"Mother Dudgeon," who figured notoriously in the red light district of Wireton before the Monessen and county officials cleaned out that wild and woolly suburb of the steel town across the river, was convicted on the charge of keeping a disorderly house in the county court at Greensburg Wednesday. It is thought that sentence will not be pronounced until after the trial of Noah Hough, who shot and killed Policeman Michael Entinger in a raid at Wireton during the cleaning up process. Hough's trial will come up Monday. It is believed, however, that "Mother Dudgeon" will receive a salty sentence, as she is alleged to be an old and hardened offender.

Although it was stated that "Mother Dudgeon" had threatened to "squeal" and make some interesting disclosures that involves prominent people "higher up," nothing of the sort was forthcoming at the trial. The attorney who defended the woman put up a plea that she was not responsible for the "cutting-up" of the inmates of her house, and that there was nothing in the evidence to show that she profited by the earnings of the girls. Judge Doty, however, gave implicit instructions to the jury to render a verdict against the woman of guilty as indicted.

RADICAL ANTIPATHIES.

One of the best expositions of the
alien land law passed in California,
to discriminate against the Japanese,
against whom there is an unreason-
ing prejudice on the Pacific coast, is
given in an editorial in the Pittsburg
Dispatch, which says:

"This country objects to the race
bigotry of Russia against the Jews;
but when a small portion of our popu-
lation indulges in an equivalent racial
hatred against a few Japanese we
view it almost tolerantly with the in-
clusive dogma that 'race antipathies
exist as well as individual antipa-
thies.' The parallel certainly ought
to be enlightening even to the paper
that makes it.

"We may have individual antipa-
thies. We may not be able to tell why
we do not like our Dr. Fell, but we
do not like them. But what do we
then? Does any civilized man who,
having made up his mind that he does
not, will not or cannot like his par-
ticular Dr. Fell, propose to burn him
at the stake as in the South; get up a
program against him as in Russia; or
propose to taboo him from public
schools and land ownership as in Cali-
fornia? No; in individual antipathies
we are civilized enough to see that
because we do not like a man that is
no reason for driving him out of the
country or off the earth. Only the
most ignorant and tyrannical do that.
Intelligent men realize that the world
is wide enough for both the man they
do not like and themselves.

"The logistics of race argument are
like the old 'do-you-want-your-
daughter-to-marry-a-nigger?' argu-
ment against freeing the negroes or
letting them vote. Sensible men
know that they can keep themselves
free from personal contact with those
they do not like. Giving the disliked
person his legal rights does not re-
quire you to bring him to your house
or let him share your bed. But from
Russian mujik to Pacific Coast hood-
lum there is an inchoate mental for-
mation that if you let the Jew live, or

the Japanese work on a farm, you
must take him to your bosom. To give
any heed to that concept of public
issues is to subject government policy
to the lowest grade of intelligence."

Bigotry and intolerance are the
same the world over. Racial antipa-
thy is the same, whether exercised
in Russia against the Jews, in the
south against the negro, or in Cali-
fornia against the Japanese. The
worst feature of the California alien
land law, is that it violates treaty
obligations of this country with Ja-
pan.

ELECTRIC SPARKS

Those wild west Indians think they
know how to whoop. They don't.
Some of the kids up on Washington

miles.

Wonder what is the difference, ex-

tween a sure enough wild west cir-
cus and a moving picture wild west
product.

The railroad companies are keep-
ing their press agents busy framing
arguments why the poor, down-trod-
den railroads need to increase their
freight rates. Curiously they have
not thought of the argument of mak-

out of dividends.

PICKED UP IN PASSING

A traveling man relates a conver-
sation he overheard at Monessen re-
cently between a group of small boys,
whose ages ranged from 10 to 11
years.

"I was standing on the street cor-
ner waiting for a car," said the drum-
mer, "when a small boy came along
the street, and was accosted at the
corner by another bunch about his
own age.

"'Inought you was goin' to play
short for us in the game this after-
noon?' asked a boy of the one they
met.

"'Couldn't. Had to stay in after
school,' replied the lad.

"'What's the matter, fall down on
your lessons?'

"'Nope. Teacher got gay. Told me
I had to speak a piece the end of the
month. I asked her which end. She
called me simple, and said a month
only had one end. I put up a holler
that a thing that had one end must
surely have another. Then she got
sore and kept me in.'

"'I wonder now' concluded the
drummer in relating the story, 'if
that boy's logic wasn't correct?'

"'Funny thing about a man,' ob-
served a citizen a day or two ago,
who is somewhat of a philosopher.
'You can call him a sly dog, and
he'll laugh in a pleased manner, but
call him a puppy and he wants to
fight. He'll object to the title of
shark, but is not at all averse to be-
ing called a queer fish. Call him an
old mouse, and he'll probably land on
you, but change the title to old man,
and he's likely to ask you to take
something.'

"A man likes to be referred to as
sharp and keen, but he most strenu-
ously objects to being called a harp-
er. Neither does he like to be called
a goslin, but apply to him the term
of gay old rooster, and he'll likely
hand you a cigar. You'll mortally
offend a man by calling him a block,
but please him mightily by referring
to him as a brick.

"It needs a fine sense of discrimi-
nation if one starts out to hand a
man compliments in a comparative
way."

OLD AGE DEFERRED

Echo From the Medico-Legal Society
A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him and thus at ninety be in the fulness of maturity.

What if you have seen sixty or even seventy birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If perchance, your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired backsliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Piper Bros., Druggists.

PENROSE TO COME THURSDAY

United States Senator to
Visit Washington
County Seat

WILL TALK ON 'ROADS'

United States Senator Boies Penrose will be in Washington next Thursday to meet Washington county voters and to talk to them. Probably Senator Penrose will talk on road improvement among other things. Gov. J. K. Tener will be present as will State Highway Commissioner E. M. Bigelow, and they will talk good roads.

The object of the visit of State Highway Commissioner Bigelow plainly will be that of boosting the interests of good roads, and it is presumed he will be given able assistance by Senator Penrose and Gov. Tener.

Senator Penrose has long been anticipating a trip to Washington county. If he has any political objects or personal objects he has kept them in the dark. However it is expected that he will meet a large number of people.

People from all over this county and from various parts of adjoining counties will be in Washington to tender the party a welcome, and to listen to their exposition of the good roads question. The efforts of Pennsylvania to pass a bond issue for \$50,000,000 to improve its system of highways has attracted much attention. It is not the only state that is endeavoring to keep up-to-date in this particular. Florida is considering a similar bonding proposition.

Next Wednesday evening, May 21, Branch 782, L. C. B. A., will begin a series of eucres in P. H. C. hall at 8 o'clock. Favors will be awarded. The proceeds are for the benefit of the window fund of St. Jerome's church.

TWO GRADS OF STATE FROM THIS COUNTY

Earl R. Stewart of Coal Centre is home from State college and will remain till commencement week, June 7-11. State college now has an enrollment of 2,000. Of this number 35 are from Washington county. There are 300 in the graduating class of which but two are from this county, Mr. Stewart being one and H. C. Brownlee of West Middletown the other. Both are taking the engineering course.

Big Meet at Washington.

Thirteen preparatory schools with over 100 entrants will compete at Washington next Saturday in the annual championship field and track games under the auspices of Washington & Jefferson college. It is expected to be the biggest meet of the kind ever held at Washington.

Monessen's Tax 11 Mills.

The Monessen council has fixed the borough tax at 11 mills, the same as last year.

Missionary Women Elect

Washington Woman is Choice
for Presbyterian Organization President

At Thursday's session of the Women's Missionary Society of the United Presbyterian church at Washington, Mrs. J. V. Clark of Washington was elected national president. Other officers elected are: First vice president, Mrs. John F. Ferguson, Monmouth, Ill.; second vice president, Mrs. Henry Brewkes, Paterson, N. J.; secretary, Mrs. J. T. Logue, Cleveland, O.

The principal feature of Thursday's meeting was the celebration of the fiftieth anniversary of the establishment of mission work among the negroes of the South. The principal address of the afternoon was delivered by the Rev. James Brice. The jubilee session of the afternoon was presided over by Mrs. Samuel Yound, secretary of home missions.

At the evening meeting Mrs. Chas. C. Owe of Philadelphia was the presiding officer, the principal address being given by a young negro woman Miss Christina Totten of Henderson, N. C., a field worker.

Independent Telephone In- stalled at Pennsylvania Rail- road Yards at West Brownsville

Last Monday the Tri-State Telephone Company of Brownsville installed two telephones at West Brownsville Junction and this move has already proven a boon to the railroaders on the Pennsylvania lines who are employed in the yards at that place.

Heretofore the employees have been compelled to have two telephones in their homes, as many did or take their chances on getting calls. The resulting hardship can easily be realized. The Union had no connection with the offices and the Bell was practically useless for local work. The resulting expense meant a big slice from the wages of employees and the action of the Independents will mean a saving of \$18 per year or more to all local railroaders, of which there are twenty or more, living in California and vicinity. Moreover there are scores of railroaders living along the river who depend upon the telephone for orders. The benefit will extend to Charleroi, Belle Vernon, Fayette City and Roscoe for in all of these places the independent is the recognized local telephone. The P. & L. E. employees of the above places get their orders through the Independent line.

Pennsylvania Railroad employees living in Charleroi, Lock 4 and Speers can be connected with the West Brownsville Engine House and the yard office by the Charleroi Independent Telephone Co., without any additional charge.

California Needs a Bath.

Arrangements are being made at California for a clean-up day to take place on May 28. A campaign is being worked up.

STATE SENATOR JOE THOMPSON IS COMING

Hero of Anti-Cigaret Law to be Here Saturday
as Referee to High School Field Meet--
Is After Boys With Coffin Nails

State Senator "Joe" Thompson, of Beaver Falls, hero of the fight for the anti-cigaret law which was passed at this session of the legislature, will be in Charleroi tomorrow, Saturday, to referee the high school field meet to take place between Charleroi, Monongahela, Donora and Monessen high schools.

Senator Thompson's most notable work in the State Senate during the present session of that body was in getting his cigaret bill through. This bill governs the sale of cigarets to minors, making the minors

liable if they misrepresent their age. Thompson is said to be somewhat of a fanatic on the cigaret question. Where he got his ideas on the matter is not known. He was a member of the University of Pennsylvania years ago, when he played football and in subsequent years when he was the coach for the University of Pittsburgh football team.

How long Thompson will stay when he gets here once nobody knows. He has been in Charleroi before and once gave a lecture at the First Presbyterian church, and at another time at high school, when he spoke on the cigaret theme.

Cincy Mine to Resume

Wrecked Workings Cleared
of Debris in Shape to Start
Next Week

Within a week or ten days it is expected the Cincinnati mine, where on April 23 the explosion occurred resulting in the death of 96 men, will resume operations. The work of cleaning up the wrecked interior has about been completed. The bodies of dead mules have been removed. Repairs have been made to the overcasts and trap doors. It is understood that many of the recommendations made by the coroner's jury this week will be put into effect.

CARNIVAL CONTEST CLOSES; WINNERS NAMES ANNOUNCED

Miss Grace Phillips and Miss Myrtle Dunmire won diamond rings in the contest conducted as a feature of the North Charleroi fire department carnival at North Charleroi. Miss Phillips polled 2,787 votes to Miss Dunmire's 2,002.

The homeliest man by popular vote is Harry Zellers of Charleroi, who as consolation gets a white amethyst ring. Theodore Anderson won a bicycle in the boy's contest with 3,657 votes and Thornton Burnett with 2,396 votes won a gold watch as second prize. The winner in the little girl's doll contest was Martha Metz, with 1,633 votes with Georgia Jacobs second, and Ruth Jenkins third. Each got a doll. According to the vote the prettiest baby is Myrl Michiner with 2,779 votes and Annetta Metz is second prettiest baby with 3,421 votes. Two small diamond rings were given.

To Vote on Normal Sale

Stockholders of California
School to Consider State
Ownership

Stockholders of the Southwestern State Normal school at California will next Tuesday afternoon hold a meeting at California, when the matter of transferring the Normal school to the state will be taken up. It is understood that the stockholders are very generally in favor of permitting the state to take over the school and operate it.

PARADERS MAY TRAVEL BY AUTO

Automobiles may be secured for the trip to Washington to be taken by Sunday School men in June to participate in the men's parade that will be a distinct feature of the annual Sunday school convention there. On Sunday afternoon at 3 o'clock at the First Baptist church a meeting of the Adult Federated classes will be held, and reports made by a committee that has the matter of securing automobiles in hand. Other committees will also report and preliminary preparations made for the trip. If it is found there are more going than at first thought for, a special car instead of automobiles, it is understood, will be secured.

OFFICIALS NAMED FOR FIELD MEET

For the high school field meet to be held beginning promptly at 1 o'clock Saturday afternoon at the Charleroi baseball park, the following list of officials has been chosen: Referee, "Joe" Thompson; clerk of course, Prof. R. R. Maxwell, of Monongahela; judges, John R. Day, Esq., Monongahela; Prof. William Brison, Uniontown; Dr. W. B. Stewart, Monessen and Prof. C. B. Robertson, University of Pittsburgh.

Opening is Big Event

Eldora Park Begins Summer
Season--Improvements Held
Back by Weather

With a big dance crowd on hands the opening of Eldora Park took place Thursday evening. The opening featured the beginning of the park season for what is believed will be one of the most successful seasons enjoyed.

Nearly all the improvements to be made this spring have been completed. Owing to inclement weather it was found impossible to get the brick walk leading from the station to the central part of the park completed in time for the opening Thursday night. It will be completed today and will be in shape for tonight. Lights have been strung from the station into the center of the park, where there are clusters of lights. The effect is a "great white way."

Sunday the Louhi band of Monessen, a Finnish organization will appear at the park in a select program, and next Friday the picnic season will be opened by a picnic of the Monessen schools.

FIFTY DOLLARS ADDED TO FUND

Fifty dollars from a "cash" contributor was added to the Charleroi Mail mine relief fund today. On Sunday evening the First Christian church will take a special collection for the Cincinnati sufferers. Today's report of the local treasurer follows: Previously reported 255.58

HIGHWAY FROM OCEAN TO OCEAN RECEIVES BOOST

Club Organizer of Kansas
City Visits Washington
County

The movement for an ocean to ocean highway received an impetus in this county Thursday evening when the Washington Board of Trade took up the matter at an important meeting. A local club was formed at Washington with James P. Eagleson as president, and Mrs. B. F. McVey as secretary. Members will be solicited. L. B. Bevier, of Kansas City, field secretary of the Ocean to Ocean Highway association was present and explained the project thoroughly. Clubs are being formed along the proposed route. Between Washington and Uniontown no clubs have been formed. Mr. Bevier will spend some time in Washington and Fayette counties and will be in Centerville and Beallsville within a few days to organize clubs.

Another project that the Washington Board of Trade discussed was that of a street car line from the county seat to the river. An effort will be made to reach an agreement on this proposal, whereby the West Penn company can get its line into Washington.

VERDICT OF GUILT RETURNED

Monessen Woman Under
Serious Accusation
at Greensburg

HOUGH TRIAL MONDAY

"Mother Dudgeon," who figured notoriously in the red light districts of Wireton before the Monessen and county officials cleaned out that wild and woolly suburb of the steel town across the river, was convicted on the charge of keeping a disorderly house in the county court at Greensburg Wednesday. It is thought that sentence will not be pronounced until after the trial of Noah Hough, who shot and killed Policeman Michael Entinger in a raid at Wireton during the cleaning up process. Hough's trial will come up Monday. It is believed, however, that "Mother Dudgeon" will receive a salty sentence, as she is alleged to be an old and hardened offender.

Although it was stated that "Mother Dudgeon" had threatened to "squeal" and make some interesting disclosures that involves prominent people "higher up," nothing of the sort was forthcoming at the trial. The attorney who defended the woman put up a plea that she was not responsible for the "cutting-up" of the inmates of her house, and that there was nothing in the evidence to show that she was guilty of the earnings of the girls. Judge Doty, however, gave implicit instructions to the jury to render a verdict against the woman of guilty as indicted.

Dispatch, which says:

"This country objects to the race
bigotry of Russia against the Jews;
but when a small portion of our popu-
lation indulges in an equivalent racial
hatred against a few Japanese we
view it almost tolerantly with the in-
clusive dogma that 'race antipathies'
exist as well as individual antipa-
thies." The parallel certainly ought
to be enlightening even to the paper
that makes it.

"We may have individual antipa-
thies. We may not be able to tell why
we do not like our Dr. Fell, but we
do not like them. But what do we
then? Does any civilized man who,
having made up his mind that he does
not, will not or cannot like his par-
ticular Dr. Fell, propose to burn him
at the stake as in the South, get in a
program against him as in Russia or
propose to taboo him from public
schools and land ownership as in Cal-
ifornia? No! In individual antipathies
we are civilized enough to see that
because we do not like a man that is
no reason for driving him out of the
country or off the earth. Only the
most ignorant and tyrannical do that.
Intelligent men realize that the world
is wide enough for both the man they
do not like and themselves.

"The logic of race a gunner
like the old 'do-you-want-your-
daughter-to-marry-a-nigger?' argu-
ment against freeing the negroes or
letting them vote. S ensible men
know that they can keep themselves
free from personal contact with those
they do not like. Giving the disliked
person his legal rights does not re-
quire you to bring him to your house
or let him share your bed. But from
Russian mujik to Pacific Coast hood-
lum there is an inchoate mental for-
mation that if you let the Jew live, or

the Japanese work on a farm, you
must take him to your bosom. To give
any heed to that concept of public
issues is to subject government policy
to the lowest grade of intelligence."

Bigotry and intolerance are the
same world over. Racial antipa-
thy is the same, whether exercised
in Russia against the Jews, in the
south against the negro, or in Cali-
fornia against the Japanese. The
worst feature of the California alien
land law, is that it violates treaty
obligations of this country with Ja-
pan.

PICKED UP IN PASSING

A traveling man relates a conver-
sation he overheard at Monessen re-
cently between a group of small boys,
whose ages ranged from 10 to 14
years.

"I was standing on the street cor-
ner waiting for a car," said the drum-
mer, "when a small boy came along
the street, and was accosted at the
corner by another bunch about his
own age.

"'I thought you was going to play
short for us in the game this after-
noon?' asked a boy of the one they
met.

"'Couldn't. Had to stay in after
school,' replied the lad.

"'What's the matter, fall down on
your lessons?'"

"'Nope. Teacher got gay. Told me
I had to speak a piece the end of the
month. I asked her which end. She
called me simple, and said a month
was a long time. I was in a hell of
a state that day. I had one idea
surely have another. Then she got
sore and kept me in."

"I wonder how" asked the
drummer in relating the story to
the boys who weren't present."

He served a chicken a day on two cen-
ts. I was in a hell of a state that day.
I had one idea surely have another.
Then she got sore and kept me in."
I wonder how" asked the
drummer in relating the story to
the boys who weren't present."

"A man likes to be regarded as
sharp and keen, but he most strenu-
ously objects to being called a 'harp-
er.' Neither does he like to be called
a 'goblin,' but apply to him the term
of 'gay old rooster,' and he'll likely
hand you a cigar. You'll mortally
offend a man by calling him a 'bo-
dy,' but please him greatly by refer-
ring to him as a 'brick.'

"It needs a fine sense of dis-
crimination if one starts out to give
a man compliments in a 'straight-
away.'"

TO CHARLEROI'S THOUSANDS
Mr. Harry DeHaven, the manager
of the Moore Shoe Store, 502 Fal-
lowfield avenue, received orders Tues-
day from the head of the store to
throw every pair of shoes and ox-
forders on special sale, regardless of
cost or profits. Mr. Moore's buyer
has just returned from the east

among the great shoe factories
where he has purchased many thou-
sands of pairs of shoes, and the Char-
leroi store has received many thou-
sands of dollars worth of shoes. No
ordinary shoe dealer having one or
two stores could begin to touch the
prices Mr. Moore received on the
occasion, and in order to make returns
with Charleroi's thousands we have
come to the conclusion to give to the
public the full benefit of our buyers
great master work. Now Mr. De-
Haven has arranged to have plenty of
sales force so every one can be wait-
ed on perfectly. But try not to come
too late. As this is the first real shoe
sale of the season the store will cer-
tainly be packed. Sale starts at 8
a. m. Saturday, May 17, 1913. 452-42

OLD AGE DEFERRED

Echo From the Medico-Legal Society
A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him and thus at ninety be in the fulness of maturity.

What if you have seen sixty or even seventy birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If perchance, your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired backsliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Piper Bros., Druggists.
